VET FEE-HELP

For the first time, students will be able to access loans from the Australian Government. This is to cover fees for Government subsidised courses at the diploma or advanced diploma level, as well as a trial of 5 Certificate IV qualifications including:

- Certificate IV in Aged Care
- Certificate IV in Community Services Work
- Certificate IV in Disability
- Certificate IV in Education Support
- Certificate IV in Youth Work

Eligible students will get a loan to pay for their fees through the Australian Government’s VET FEE-HELP scheme. Students completing government subsidised training do not pay the 20% VET FEE-HELP loan fee.

Under this scheme, the Australian Government will pay fees to a training provider, as a loan. When employed and your income exceeds a set level (currently around $50,000 per year), you start repaying the loan through the tax system.

For more information visit the Study Assist website VET FEE-HELP pages (www.studyassist.gov.au), phone the study assist student hotline on 133873 or contact your nearest Institute campus.

IMPORTANT THINGS TO NOTE ABOUT VET FEE-HELP

- VET FEE-HELP is administered by the Australian Government Department of Education.
- VET FEE-HELP for Government subsidised training is only available through approved providers from January 2014.
- VET FEE-HELP is only available to eligible students. An eligible student must be an Australian citizen or permanent humanitarian visa holder who is a resident in Australia for the duration of study.
- Students can choose a VET FEE-HELP loan for all or part of their tuition fees.
- There is no age restriction.
- While VET FEE-HELP will cover your tuition fees (which includes course and resource fees), there may be some incidental and other costs associated with undertaking a course that are not covered by the scheme.
